

TECHNICAL DATA SHEET

1. IDENTIFICATION OF THE PRODUCT

NAME OF THE PRODUCT 3LINE Foam masking tape Bossauto 30 m
(6x5 m)
CODE 106652

2. DESCRIPTION

High density foam roll, very consistent, flexible and without adhesives, 30 meters (6 strips of 5 meters), manufactured with a unique design that includes 3 different diameters for an optimal guide, perfect anchorage and excellent absorption of the application. Silicone paper coverage for a total use of the product. Presented in dispenser box.

A. DIAMETERS

8mm x 11mm
5mm x 5mm
3mm x 3mm

3. PROPERTIES

Filler Mask 3LINE is specially designed for preventing paint from entering in rigging and in primer inside of the vehicle. Its placement between edges provides a total sealing between the different parts of the vehicle (f.e.: between doors). Due to its unique and patented format it presents an easy application, allowing to mask the vehicle without handling the parts worked on for its placement. Its soft form and perfect design provides a better finish, improving the quality of the process and reducing the application time. Foam permits an easy cut to a desired length and size and ensures proper insulation.

4. PRODUCT INFORMATION

FOAM				
FEATURES				
RESULT	UNIT	REGULATION	SPECIFICATION	
Density	Kg/m ³	UNE-EN ISO 845	28+-2	29.30
Hardness	kPa	UNE-EN ISO 33861	4.5+-0.5	4.08
Def. Remaining	%	UNE-EN ISO 1586-A	<5	4.90
Tensile	Kpa	DIN 53571	>150	228

5. ALMACENAJE

It is recommended to store the product in areas with temperatures below 35°C and normal ventilation. Avoid keeping the product stored for more than twenty-four months. Make a good rotation of stock to an optimal result.

The technical information is in accordance with our experience. We assure the quality of the product. However, the conditions of use are not under our control and we cannot assume any responsibility of the obtained results.
