

# TECHNICAL DATA SHEET

## 1. IDENTIFICATION OF THE PRODUCT

---

<b>NAME OF THE PRODUCT</b>	VPRO Foam masking tape
<b>CODE</b>	106680 (D 13 mm x 50 m) 106685 (D 19 mm x 35 m)

## 2. DESCRIPTION

---

The new foam masking tape VPRO Bossauto is a unique product in the market. It is an innovative and a high quality masking foam because of its V shape that allows a non-contact adhesive to keep it unused. The new formula of the adhesive improves its benefits and it does not leave any residue when removed from the surface.

Thanks to its new unwinding system, the VPRO masking tape unwinds faster improving the working process without danger of ripping the foam which has a perfect density. Consequently, we avoid losing 5 or 6 meters of product in every masking tape roll.

## 3. MAIN CHARACTERISTICS

---

- Virgin/unused adhesive
- Soft unwinding, no need to pull.
- Innovative and high quality product.
- Bigger box with more product.
- The center of the product keeps its conditions, it is not pressed.
- Excellent functionality.
- High quality new formula of the adhesive, it does not leave any residue.
- More volume in the foam that allows to cover bigger spaces.
- Perfect density of the foam.
- No loss of the material (10% or 5 or 6 meters) in every roll of foam masking tape.
- Improvement of the efficiency in the working process by an easier and faster unwinding.
- No danger of ripping the foam
- New manufacturing technology when producing a foam masking tape without any type of pressure. Unique in the market!

The technical information is in accordance with our experience. We assure the quality of the product. However, the conditions of use are not under our control and we cannot assume any responsibility of the obtained results.
