

TECHNICAL DATA SHEET

1. IDENTIFICATION OF THE PRODUCT

NAME OF THE PRODUCT Line Tracer
CODE 050001

2. DESCRIPTION

Line tracer for bodywork. Follows and traces the original shapes of the vehicle for an easier setup before the sanding process. Ideal for round shaped pieces that are hard to trace. Helps to contour lines easing the sanding process. Includes a tracing pencil. Thanks to its flexibility it adjusts to different sizes and parts of the car being useful for most vehicles.

- Adaptable pencil support.
- Extensible from 5 to 159 mm.
- Sliding rollers.
- Anti-sliding handle.

3. APPLICATION

1. Set the pencil on the support.
2. Adjust to the required high.
3. Lean the rollers to the surface and follow it.

4. TECHNICAL DATA

Dimensions: 210 x 50 x 60 mm.
Marking range: from 10 to 160 mm.
Materials: plastic and stainless steel.
