## 2. DESCRIPTION

DuraDry is a unique high quality degreasing wipe that offers three benefits at the same time: it is 100% composed of microfibres, enabling an easy cleaning in any surface, from glass to metal; it is quick, thorough and leaves no traces; it has a extensive lifespan, even after wash it many times, the wipe is still maintaining its properties. It is a multipurpose wipe that comes very well to its fullest in many different places. In fact, the best cleaning result and the best hygiene is of great interest. Presented in a 5 units bag.

## 3. PROPERTIES

### 3.1. Technical data

Material	Duralace
Colour	Green
Composition	96% fibres, 4% binder
Fibres	100% Microfibres - 55% PET/45% Nylon
Wipe measure	40 x 34cm
Weight	100g/m <sup>2</sup> (Test: TM 1150)

### A. Resistance test

Properties	Values	Test
MD	370 N/1 ply	TM 1178
MD (wet)	360 N/1 ply	TM 1190
CD	120 N/1 ply	TM 1179
CD (wet)	100 N/1 ply	TM 1187
Thickness	2,2mm/4 plies	TM 1031
Absorption capacity	600%	TM 1016
Time to sink	< 10s.	TM 1015
Oil absorption capacity	600%	TM 2108
Time to sink	< 6s.	TM 2107

### 3.2. Specifications

- For a better result, rinse and wring thoroughly.
- 100x wash it at 95°C. It can be washed up to 365 times at 90°C without losing its cleaning capabilities.
- This product has obtained various certifications, as Direct Food Contact Certification (FCC) in compliance to EC 1935/2004, ISEGA n. 29111 U O9 certificate, and the antibacterial certification. It also satisfies APPCC standards for a safety cleaning.
- The FCC guarantees that no harmful substances or pigmentation are transferred while using this wipe in wet or oily conditions.
- It is made of splittable fibres, dry at once, and it is tested in stainless steel.
