2. DESCRIPTION

SCLEAN Hand Cleaner special for paint is an intensive hand cleaner for the removal of very heavy and stubborn soiling.

3. PROPERTIES

- SCLEAN cleanses strongly and reliably without harming the skin.
- It removes easily very stubborn contamination such as lacquers (for example, two-component lacquers), paints, acrylic paints, resins (for example, epoxy resins), adhesives, polyurethane-foams, etc.
- It is an ideal product for use in many special areas of application.
- Thanks to the coconut acid, it stimulates the cellular regeneration of the skin. It is antibacterial and antifungal, so it prevents fungal growth.
- Its anti-inflammatory and anti-microbial capability make the oil Coconut Oil suitable for users with skin problems like psoriasis or atopic dermatitis.
- It helps maintaining skin tissues strong, flexible and soft since it removes the outer layer of dead skin cells. It can even penetrate the deeper layers of the skin and strengthen the underlying tissues.

4. COMPOSITION

- SCLEAN is based on a skin friendly and environmentally unproblematic solvent.
- It contains an effective refatting system.

- SCLEAN is built-up on dermatologically and toxicologically tested and secure raw materials.
- It does not contain preservatives or fragrances, and it is silicon-free.
- It contains high-grade, skin friendly water and walnut shell scrubber to support the cleansing process.
- This product has been dermatologically tested.

5. APPLICATION

Rub SCLEAN into dry and dirty hands until the dirt is dissolved. Then rinse off thoroughly with water.
